

1

Buttons

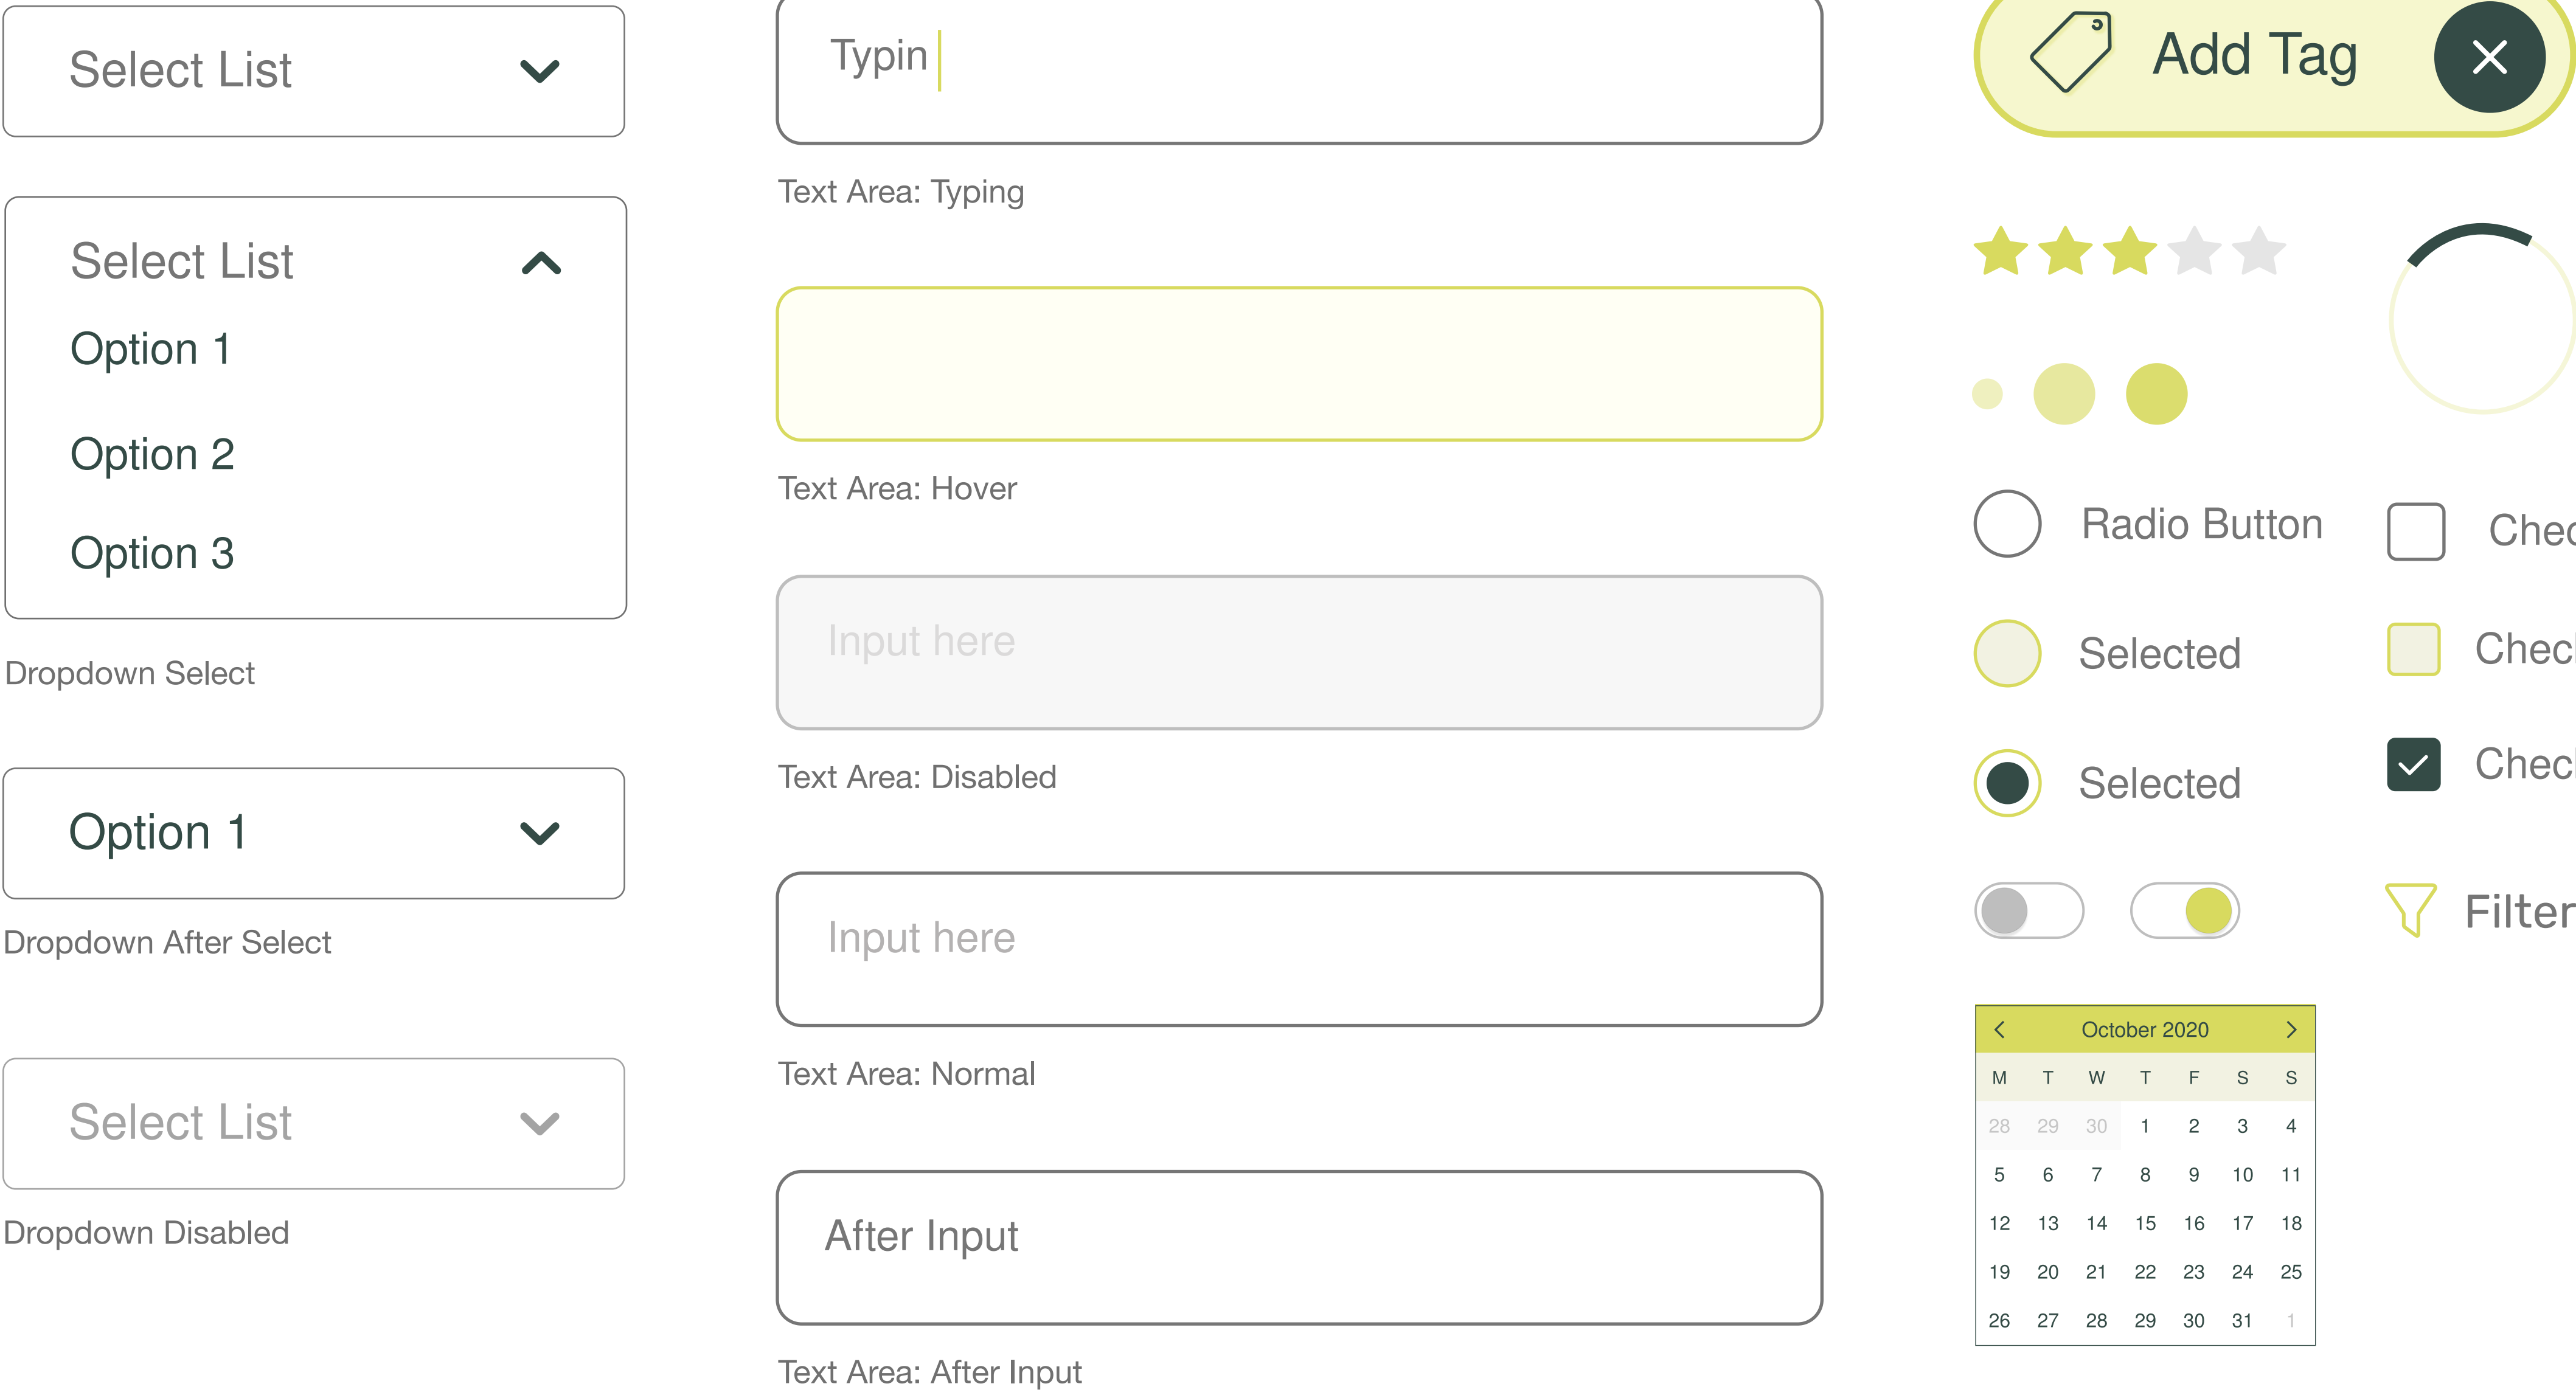

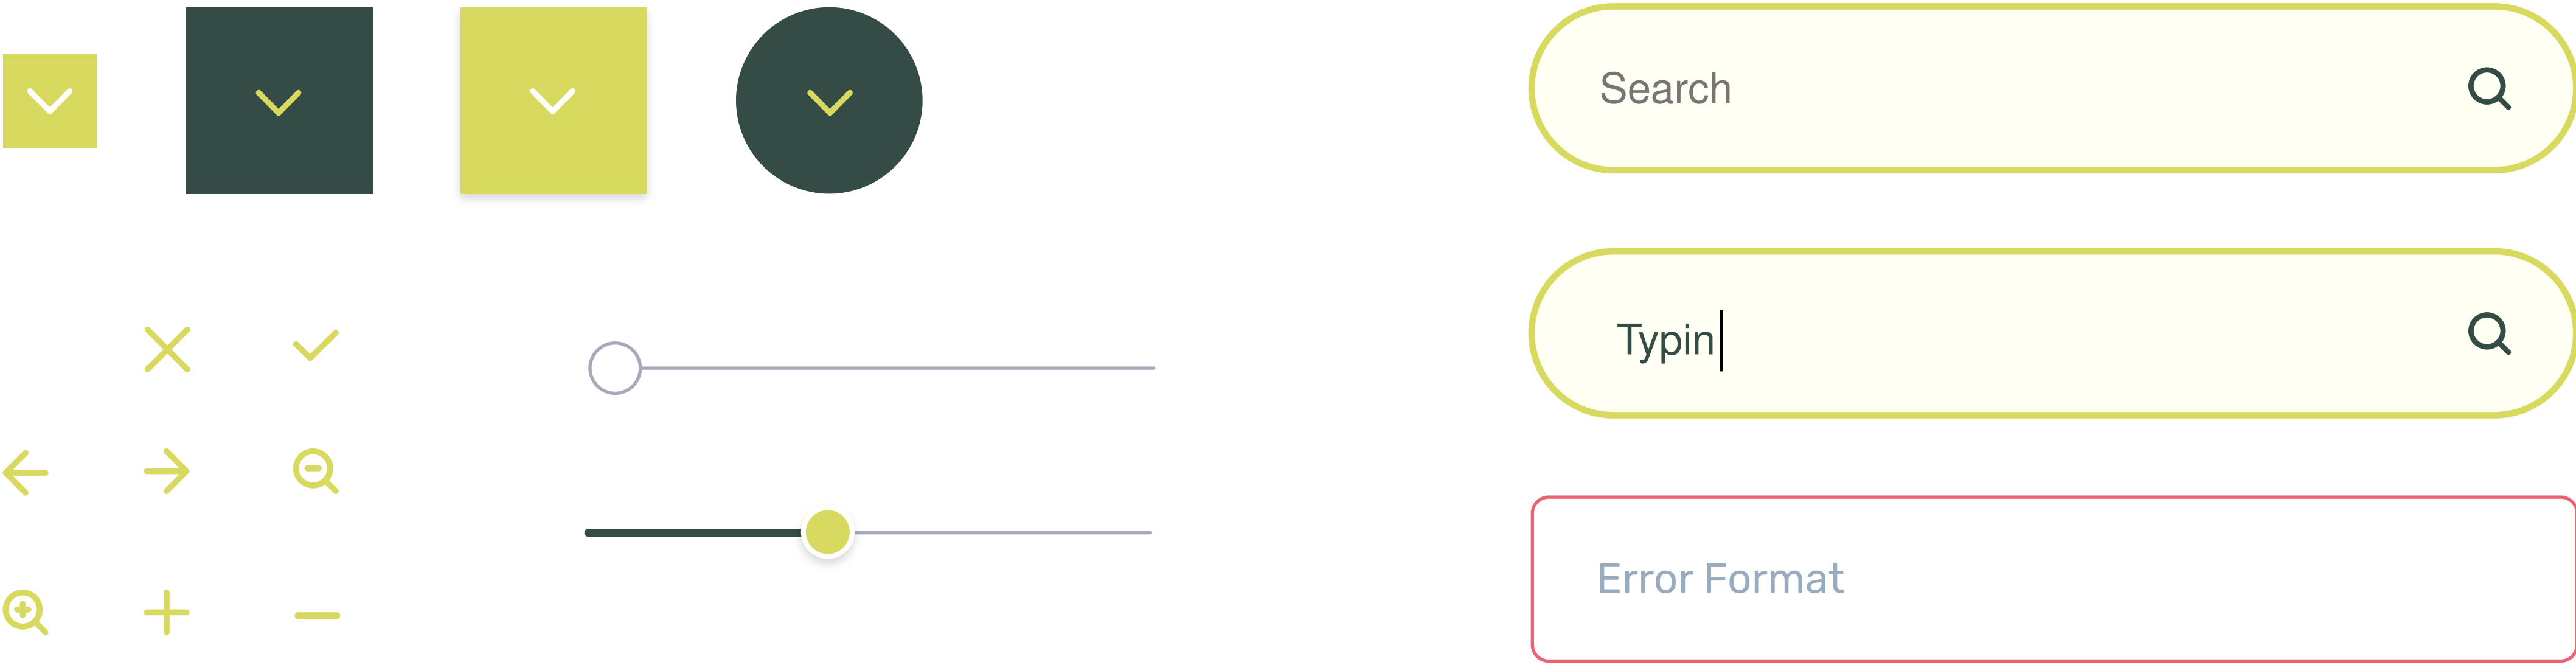

Large buttons can be used in most cases. The small buttons can be used in area with limited space like errors, popups, messages,etc.

Symbols & Elements

Symbols and elements to be used throughout the application. These symbols/elements are used to mark interaction points or give the illusion of feedback to a particular interaction.

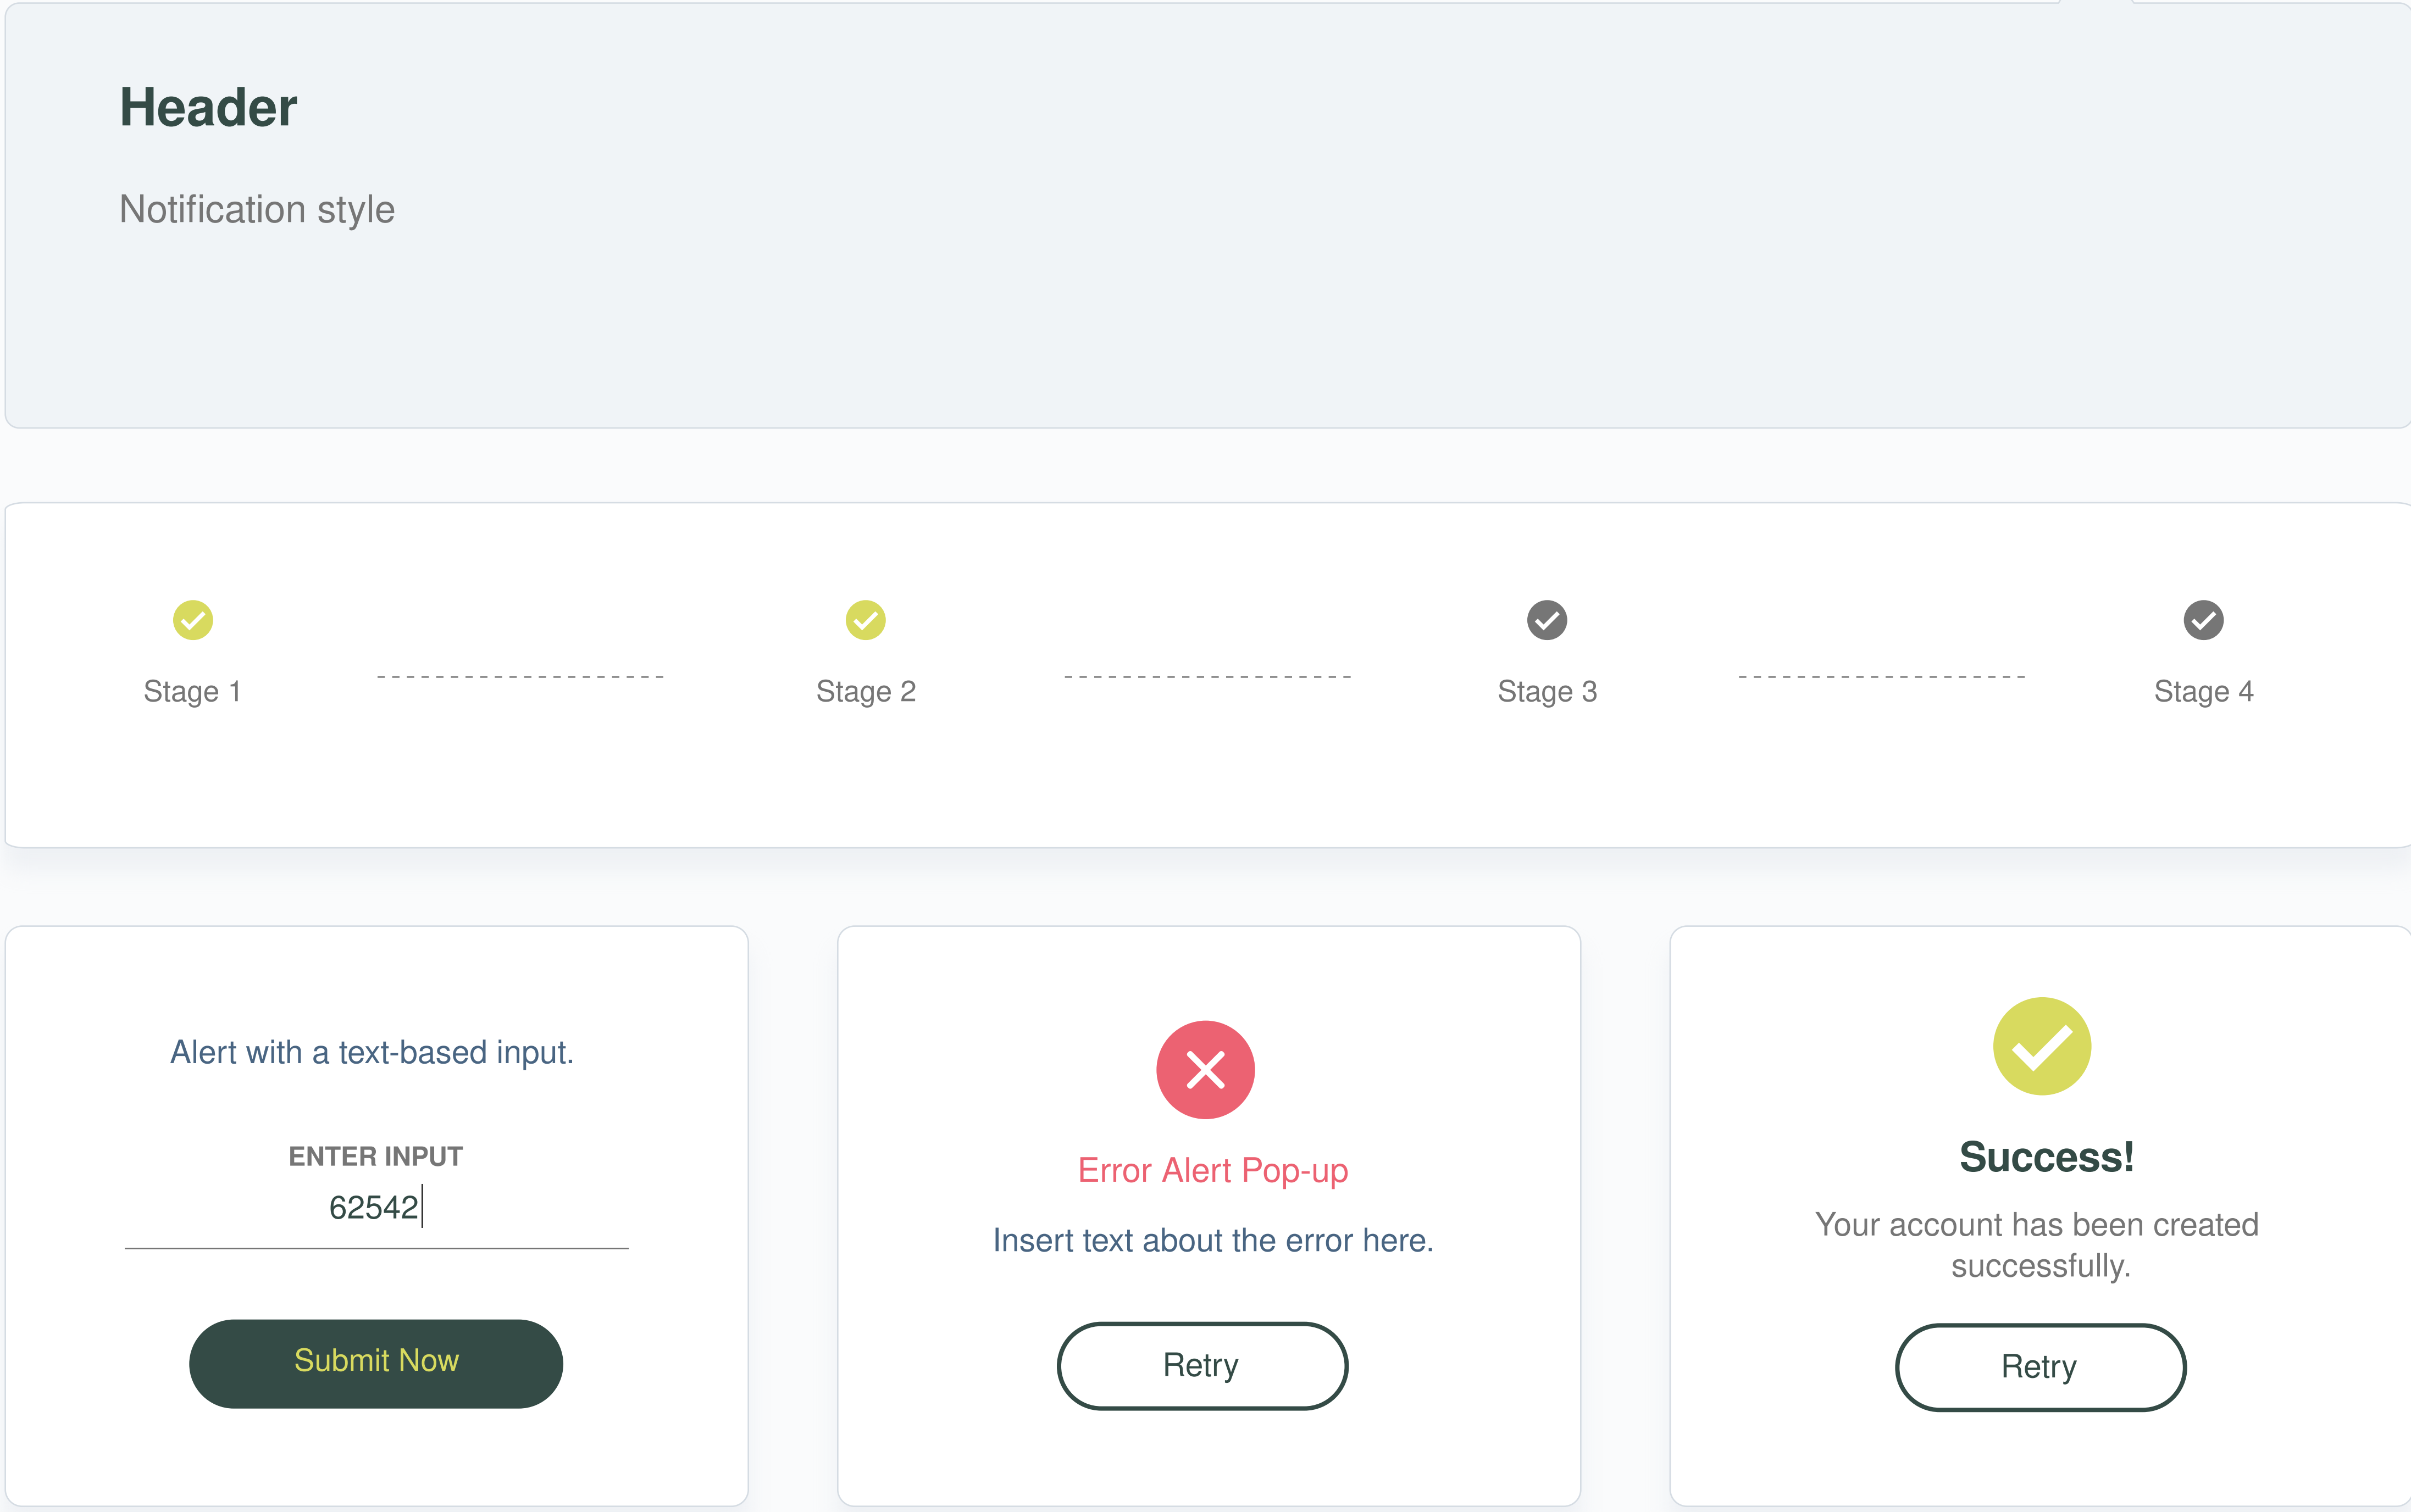

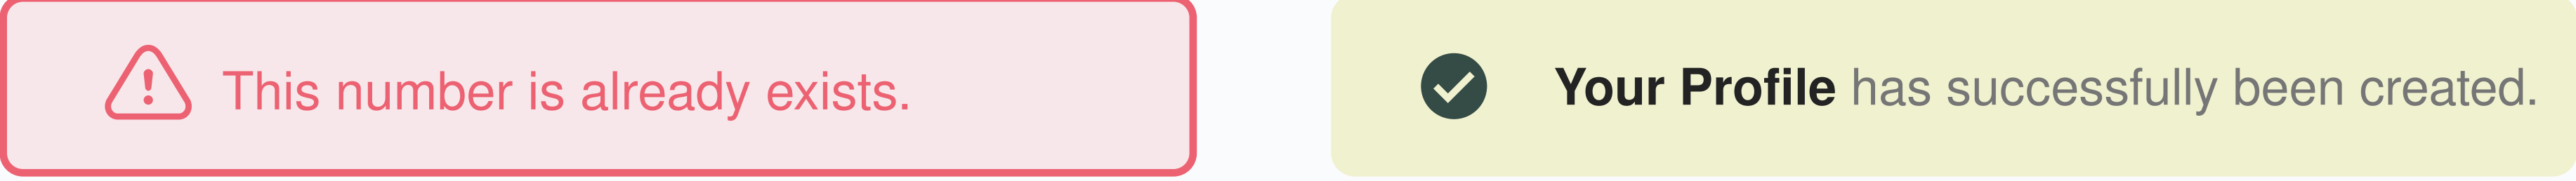

2

3

Popups

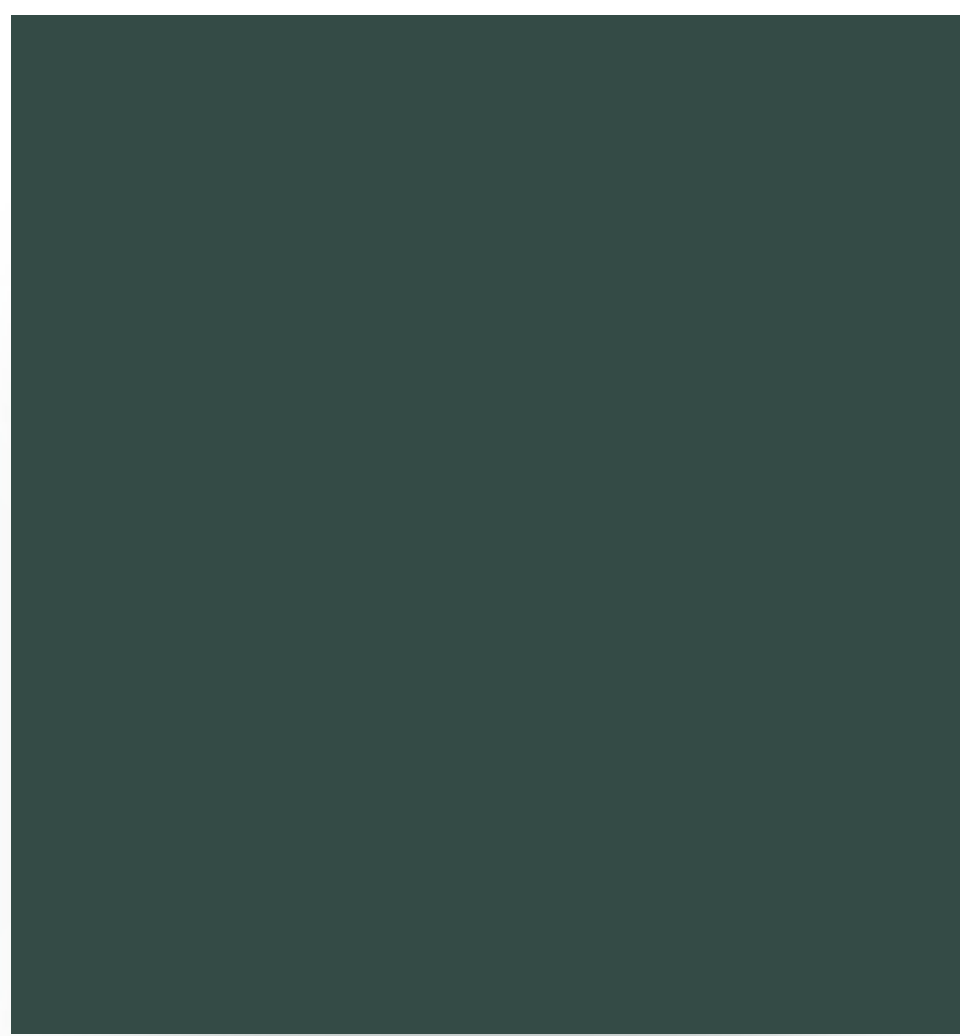

To be used to show sequencing, notify the user, or depict a need for some input.

4

COLORS

Primary and secondary colors to be used throughout the application design.
